

COMPANY PROFILE

Professional, Fast, Reliable, Dependable and Quality Services.

About us

Electro Technologies Limited is a dynamic electrical engineering company specializing in electrical installations and power maintenance solutions for critical facilities, including data centers, Mobile Switching Rooms (MSR), Media Gateways (MGW), security installations, banking institutions, and other mission-critical environments.

The company is duly registered with the National Construction Authority under Class 1, the Energy and Petroleum Regulatory Authority (EPRA) under Class A, and the Communications Authority of Kenya as a Telecommunications Contractor.

In addition, Electro Technologies Limited holds a valid Tax Compliance Certificate and a current Single Business Permit issued by Nairobi City County, demonstrating full compliance with statutory and regulatory requirements.

Professional, Fast, Reliable, Dependable and Quality Services.

Electro Technologies Limited

Our Values

We are committed to professionalism, customer satisfaction, quality workmanship, and timely, flexible service delivery.

Our Vision

To be the best, most reliable power support provider in Africa.

Our Mission

To be Africa's leading power and telecommunications contractor, delivering high quality, cost-effective services with efficiency and reliability.

Our Quality Policy

We are fully committed to operating a quality management system that complies with international standards and local regulatory requirements.

Our Strengths and Resources

We have excellent, competent, and well-trained technical expertise.

Our Services

What makes our services unique? Extensive knowledge of IEE standards as they pertain to electrical and electronic equipment installation and maintenance.
